In re: Restricted Landing Area of Karl Strassberger)
1380 Route 64 Williamstown, VT) TB-515

NOTICE OF HEARING

TO: Karl Strassberger
1380 Roure 64
Williamstown, VT
skyguyvtt.ks@gmail.com

The Transportation Board has received complaints alleging that the above-referenced restricted landing area (RLA) is being operated in violation of the Decision and Order (Feb. 4, 2021) and related Certificate of Approval authorizing this RLA's operation. Allegations include repeated violations of the following requirement:

Flights will be prioritized to the north and south of the Applicant's property as identified in the application's alternate ingress and egress plan that was presented at hearing and shall avoid directly flying over or near the properties located at 87 and 127 Quarry View Road. Aircraft may deviate from these flight patterns only in cases of emergency or when weather or wind conditions prevent safe ingress or egress along these patterns.

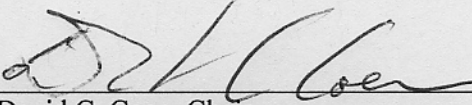

Decision and Order at ¶ 13.

Pursuant to 5 V.S.A. § 31, 5 V.S.A. Ch. 9, 19 V.S.A. §§ 4 & 9(f), and other applicable authority, the Board gives notice that the Board will meet and convene a hearing at 10 a.m. on November 14, 2023 at Barre City Place, 219 North Main Street, First Floor Board Room, Barre, VT to review these complaints. The hearing's purpose is to inform any further action that the Board may take.

The Board requests that Karl Strassberger appear, in person, at this hearing and show cause why the Board should not take action in response to these complaints. Such action may include: inspections, commencement of proceedings to modify or revoke the Certificate of Approval, referral for enforcement, and other appropriate action or proceedings.

Copies of the complaints may be obtained from Executive Secretary John Zicconi at john.zicconi@vermont.gov or 802-343-7280. Mr. Zicconi is also available to answer questions.

So ORDERED on October 16, 2023

David C. Coen, Chair
Vermont Transportation Board
